# All you want to know about Indian sweets

India – the land of abundance has a rich history of delicacies. From growing sugar cane to producing refined sugar for the first time, Indians have created many firsts in the world of sweets. Mithai, the Hindi word for sweet has traversed a delicious journey over centuries. Every God & Goddess has his or her favourite signature dish that is offered on their birthdays & weddings.

Every festival has its own array of sweet dishes from payasam, also known as kheer, payesh, payasa, which is served at the beginning of every festive meal to laddu, jalebi, rasgulla, mysorepak, kaja, badushah & ghevar amongst a million others that are specialties of various states. Majority of Indians have a sweet tooth and no meal is complete without a sweet.

It is next to impossible to enumerate the varieties of sweets Indians make, serve and relish at the drop of a hat. Several of them sweetened with purest form of jaggery are also dieters' dream come true while enhancing the taste without unhealthy after effects.

It was quite a task for us at ASK to put together some of the most delicious Indian sweets spread across several volumes. By the way, we haven't even scraped the surface with these. So, you can imagine!
